

**Dimethylsulphoxide, AR.**

(CH<sub>3</sub>)<sub>2</sub>SO              FW. 78.13  
CAS-No.                67-68-5  
Code                     [AR1054](#)

Density 1 L = 1.100 Kg.  
Melting Point 18.5 °C  
Boiling Point 189 °C

**Specifications**

(Meet A.C.S. Specifications)

|                        |                         |
|------------------------|-------------------------|
| Assay (by GC.)         | 99.9% min.              |
| Appearance             | Clear, colorless liquid |
| Water (by Coulometry)  | 0.1% max.               |
| Acidity (mEq./g.)      | 0.0005 max.             |
| Residue on Evaporation | 0.005% max.             |
